

Abdullah Zia

REMOTE FRONT-END DEVELOPER

<https://abdullah-zia.vercel.app/>

About Me

Experienced and detail-oriented Web Developer with over 4 years of experience in building and maintaining responsive websites. Adept in both front-end and back-end development with a focus on delivering user-friendly, dynamic websites and applications. Comfortable with remote collaboration tools and version control systems. Strong problem-solving skills and a passion for staying updated on emerging web technologies

Work Experience

MERN STACK DEVELOPER, 12/2022 – Present

Freelance, Remote

- MERN Stack Development (MongoDB, Express.js, React.js, Node.js): Built and maintained full-stack web applications using MERN technologies.
- Frontend Development with React.js: Created dynamic, responsive, and user-friendly interfaces using React.js, incorporating state management with Redux and React Hooks.
- Authentication and Security: Integrated secure user authentication and authorization mechanisms using JWT (JSON Web Tokens) and OAuth.
